Title:

Development Opportunity: Cornell University Keynotes Webcasts

Body:

A Message From:

Training & Development

Dear Leaders,

Cornell University recently launched [Keynotes](#), a live webcast series, as a way for organizations to help their employees cope with anxiety, enhance wellness/mental health and improve employee engagement during these challenging times.

Cornell faculty and alumni sit down to discuss topical issues during a live streamed event. Once the 60-minute event is over, the recordings are archived and available online for all to see (for free!). Webcast topics include:

- Leadership
- Entrepreneurship
- Healthy Living
- Hospitality
- Business
- Food & Wine
- And more

You may sign-up to attend a live (virtual) event or access the webcast archives [here](#). We encourage you to share this online resource with your teams should you find it of interest to them.

“Develop a passion for learning. If you do, you will never cease to grow.” – Anthony D’Angelo.

Sincerely,

Mark Lakatos,
Director, Training & Development
